## **Independent auditors' report on review of condensed consolidated interim financial statements**

To the Board of Directors of Qatar Electricity & Water Company Q.S.C.  
Doha, State of Qatar

### **Introduction**

We have reviewed the accompanying condensed consolidated statement of financial position of Qatar Electricity & Water Company Q.S.C. (the "Company") as at 30 September 2016, the condensed consolidated statements of profit or loss and other comprehensive income for the three-month and nine-month periods, changes in equity and cash flows for the nine-month period then ended, and notes to the condensed consolidated interim financial statements (the "condensed consolidated interim financial statements"). The Board of Directors of the Company is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

### **Scope of review**

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements as at 30 September 2016 are not prepared, in all material respects, in accordance with IAS 34 "Interim Financial Reporting".

## **NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

**For the nine-month period ended 30 September 2016**

### **2. BASIS OF ACCOUNTING**

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 “Interim Financial Reporting”, and should be read in conjunction with the Company’s last annual consolidated financial statements as at and for the year ended 31 December 2015 (the “last annual consolidated financial statements”). They do not include all the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual financial statements.

These condensed consolidated interim financial statements were authorised for issue by the Company’s Board of Directors on 26 October 2016.

### **3. USE OF JUDGMENTS AND ESTIMATES**

In preparing the condensed consolidated interim financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2015.

#### **Measurement of fair values**

When measuring the fair value of an asset or liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted market price (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 18 - Fair values of financial instruments.

### **4. SIGNIFICANT ACCOUNTING POLICIES**

Except as described below, the accounting policies applied in these condensed consolidated interim financial statements are the same as those applied in the Company's consolidated financial statements as at and for the year ended 31 December 2015.

#### **Changes in accounting policies**

During the current period, the Group adopted the below amendments and improvements to the International Financial Reporting Standards that are effective for annual periods beginning on 1 January 2016:

- *Amendments to IAS 1 on Disclosure Initiative*
- *Amendments to IAS 16 and IAS 38 on clarification of acceptable methods of depreciation and amortization*
- *Amendments to IAS 16 and IAS 41 on Agriculture: Bearer plants*
- *Amendments to IAS 27 on equity method in Separate Financial Statements*
- *Amendments to IFRS 11 on accounting for acquisitions of interests in Joint Ventures*
- *Amendments to IFRS 10, IFRS 12 and IAS 28 on investment entities applying the consolidation exception*
- *IFRS 14 "Regulatory Deferral Accounts"*
- *Annual improvements to IFRSs 2012-2014 cycle*

The adoption of the above amendments and improvements had no significant impact on the condensed consolidated interim financial statements.

### **5. SEGMENTAL INFORMATION**

The Group primarily operates integrated plants for the generation of electricity and production of desalinated water in the State of Qatar. The water desalination process is completely dependent upon electricity generation. The electricity and desalinated water processes are interrelated and are subject to similar risks and returns. The Group also sells both its products to only two customers, KAHRAMAA and Qatar Petroleum, in the State of Qatar. Consequently, the Group is considered to have a single business segment and a single geographical segment.

### **6. PROPERTY, PLANT AND EQUIPMENT**

#### **Acquisitions**

During the nine-month period ended 30 September 2016, the Group acquired assets with a cost of QR 560,046 thousand (nine-month period ended 30 September 2015: QR 675,903 thousand).

#### **Disposals**

During the nine-month period ended 30 September 2016, the Group disposed assets with a cost of QR 27,983 thousand for QR 14,268 with carrying value of QR Nil (nine-month period ended 30 September 2015: the Group disposed assets with a cost of QR 78,061 thousand for QR Nil with carrying value of QR 22,456).

#### **Capital commitments**
